

Artificial Intelligence (AI) - Full Course Notes

Chapter 1: Introduction to AI

Overview, concepts, examples, practice tasks and key interview points.

Chapter 2: History of AI

Overview, concepts, examples, practice tasks and key interview points.

Chapter 3: Types of AI

Overview, concepts, examples, practice tasks and key interview points.

Chapter 4: Machine Learning

Overview, concepts, examples, practice tasks and key interview points.

Chapter 5: Deep Learning

Overview, concepts, examples, practice tasks and key interview points.

Chapter 6: Neural Networks

Overview, concepts, examples, practice tasks and key interview points.

Chapter 7: Supervised, Unsupervised & Reinforcement Learning

Overview, concepts, examples, practice tasks and key interview points.

Chapter 8: Data Preprocessing

Overview, concepts, examples, practice tasks and key interview points.

Chapter 9: Python for AI

Overview, concepts, examples, practice tasks and key interview points.

Chapter 10: NumPy & Pandas

Overview, concepts, examples, practice tasks and key interview points.

Chapter 11: Data Visualization

Overview, concepts, examples, practice tasks and key interview points.

Chapter 12: Model Training

Overview, concepts, examples, practice tasks and key interview points.

Chapter 13: Evaluation Metrics

Overview, concepts, examples, practice tasks and key interview points.

Chapter 14: Natural Language Processing

Overview, concepts, examples, practice tasks and key interview points.

Chapter 15: Computer Vision

Overview, concepts, examples, practice tasks and key interview points.

Chapter 16: Generative AI

Overview, concepts, examples, practice tasks and key interview points.

Chapter 17: Large Language Models

Overview, concepts, examples, practice tasks and key interview points.

Chapter 18: Prompt Engineering

Overview, concepts, examples, practice tasks and key interview points.

Chapter 19: AI Ethics

Overview, concepts, examples, practice tasks and key interview points.

Chapter 20: Projects: Chatbot, Image Classifier, Recommendation System

Overview, concepts, examples, practice tasks and key interview points.

Chapter 21: Interview Questions

Overview, concepts, examples, practice tasks and key interview points.

Chapter 22: Career Roadmap

Overview, concepts, examples, practice tasks and key interview points.

Chapter 23: Learning Resources

Overview, concepts, examples, practice tasks and key interview points.
